PRO SELF-ADHESIVE MATTE POLYPRO FILM WITH ANTI-SLIP LINER

806 Specification Sheet

PRODUCT DESCRIPTION

This tear-resistant, self-adhesive polypropylene film has an anti-slip PET liner for error-feeding on high-speed single-pass inkjet printers (e.g. HP PageWide XL) and older aqueous-inkjet printers with slightly worn pinch rollers. The bright-white, matte surface accepts high ink loads for vivid, saturated colors.

The permanent adhesive provides a long-lasting bond without edge-lift on flat surfaces such as foamboards and sign blanks.

COMPATIBILITY

AQUEOUS DYE
AQUEOUS PIGMENT
LATEX
UV-CURE

ADVANTAGES

- Non-glare matte surface
- Water-resistant, instant-dry prints
- Tear-resistant
- Suitable for high-speed printers
- Permanent adhesive

APPLICATIONS

- Mounted graphics and posters
- Package prototypes
- Short-term outdoor signage
- Permanent window graphics

PHYSICAL PROPERTIES

BASE MATERIAL: Polypropylene
BASE CALIPER: 8 mil
LINER CALIPER: 1.2 mil
BASE WEIGHT: 120 gsm
ADHESIVE TYPE: Permanent Clear Acrylic
FINISH: Matte
OPACITY: 96
WHITENESS: 125 (CIE, Ganz)
BRIGHTNESS: 108 (ISO, Blue Whiteness)
CORE: 3 inch

TIPS & TRICKS

- Use Heavyweight Coated Matte Paper setting
- Store in a cool, dry place
- Keep in original packaging until ready to use
