

MAGIC DMCF4EN

4 mil clear polyester film
(gloss)

DMCF4EN (w/o interleaf)
DMCF4HP (w/ interleaf)
DMCF4HPS (w/ edgestripes)

PRINTER COMPATIBILITY

DESCRIPTION

Magic DMCF4 is a 4 mil dimensionally stable clear polyester film with an optically clear inkjet coating designed to provide excellent print performance and still maintain the clarity of the film. DMCF4 is designed for overlays, plate separations, or clear signage. DMCF4 is available with removable stripes for HP brand printers (DMCF4HPS) or interleaf paper to protect the backside from scratching (DMCF4HP).

PHYSICAL CHARACTERISTICS

Thickness 4 mil
Haze <5%

**All values are targets*
