

KODAK PROFESSIONAL

Inkjet Photo Paper, Metallic / 255g

The next-generation KODAK PROFESSIONAL Inkjet Photo Paper, Metallic Finish allows users to produce stunning metallic prints previously only available in a traditional darkroom. The metallic, high gloss finish duplicates the characteristics of the Kodak Endura Metallic paper users have preferred for years. It has a larger color gamut and higher Dmax to ensure that color captured in-camera reproduces more accurately, while producing deeper, richer blacks, an expanded dynamic range and additional detail in shadow areas. This paper is compatible with all leading dye and pigment photo inkjet printers.

Size	Quantity	SKU
8.5"x11"	50 Sheets	KPRO851MTL
13"x19"	20 Sheets	KPRO1319MTL
