

Large-Format Specialty Print Media

Heavyweight Satin Photographic Paper, 300gsm

At 300gsm, this paper is ultimate in photographic weight and quality. This slightly textured, semi-gloss photographic paper has excellent drying characteristics that allow immediate use without smearing or smudging. Its unique surface offers very high definition. This paper provides the same look and feel of traditional high-end silver halide finish. It is designed to provide images with high color density, optimal color gradation and perfect image sharpness.

Canon Photographic/Glossy Papers

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet virtually every printing need. Accurate clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- Photography
- Posters
- POS signage
- Graphic Art Reproduction
- Exhibition graphics
- Printing digital, scanned or CD images

THE RIGHT MEDIA FOR THE JOB

Whether you're drafting designs or producing point-of-purchase displays, signage, fine art and photo reproductions, Canon has the right large-format media to satisfy virtually every market.
